

REMARKS

Reconsideration and allowance of the above-referenced application are respectfully requested. Applicants initially apologize for the unintentional failure to direct claims to the elected species. Claims 14, 20, 21, 24-28, 56-59, and 63-72 are canceled to obviate the rejection thereto. Claims 13, 19, and 22 are also canceled. This obviates the rejection.

Applicants also add new claims 73-85, all of which read on the elected species. New claim 73 has a similar scope to already existing dependent claim 72. Claim 72 is canceled. Claims 74-85 all read on the elected species.

A notice on the merits is requested.

Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
